hide Comment burried Unhide Great game, would be a good addition to GOG hide Comment burried..
I know they made a PC version; I would be willing to buy this if I could get it for an honest price, and not a 'rare game' price.

Unhide id buy the first and second game if this game was on here hide Comment burried.. Unhide I never had the chance to play it and I would definitely buy it hide Comment burried.. Unhide Even though it's not the best part of the series (far from it), I'd still like to see it here for completion's sake, as well as the chance to play it through to the end and see the difference between it and the previous generation of the series.. This game was initially released on 30th November, 1997 and Night Dive Studios has published this game.. Use the Upload button to select the save code from your PC to resume where you left off..

Turok 2015 PC Game Overview Turok is developed by Iguana Entertainment and Night Dive Studios..
